## Our Mission and Vision

**Our aim is to work together with seniors, families, and other healthcare providers to provide extraordinary care that bridges the gap present in our communities' health care services.**

**MPCH provides rooms for couples, single and double rooms.**

The Director of the home is a Registered Nurses (RN). Our staff team includes experienced Licensed Practical Nurses (LPNs), and Special Care Aides (SCAs).

## Our Services

Our personal care home will ensure high-quality 24-7 care, and will provide:

- A safe home for residents, a welcoming environment for family and friends.
- A lifestyle that includes health assessments and engages in mental, physical, and social activities.
- Promotion of independence, privacy and personalized care with individualized assistance or supervision as required.

Our residents will have access to services from other health care professionals on site such as:

- Physiotherapist and massage therapist
- Intravenous therapy
- Wound care, colostomy care, catheter care
- Oxygen therapy and much more.

MPCH serves three nutritional meals, three healthy snacks and we accommodate dietary restrictions. Our staff will prepare individual or group birthday celebrations.

In addition, Marcie Private Care Home provides:

- **Respite care** for individuals of any age group whose families or caregivers require a break for a short time.
- **Transition care** for individuals who may be waiting for a long term care or rehab facility.

- **Palliative services** to support families and clients with enhanced level of care.
- **Tailored Home Care** to provide seniors services they can trust, in the comfort of their own homes.
